595 Anne St. Yoncalla, OR 97499

Subject: Disclosure of Ownership Change and Status Update — Alandra Morin

Dear DD Licensing,

I am writing to formally disclose a change in ownership and update my professional status on file.

On 3/18/2026, I signed a Settlement and Separation Agreement concluding my 40% ownership interest in Allies, LLC. That interest was transferred to the remaining owner, Ericka Rhodes-Edwards. For official records, my dissociation date was 10/15/2025, and my employment with Allies, LLC concluded on 3/6/2026. For financial and tax accounting purposes, the ownership end date was recorded as 12/31/2025.

During the buyout period, and on the advice of counsel following the dissociation letter, I established Whole Life Approach, LLC. The entity was registered with the State of Oregon on 1/24/2026. No materials, client information, or other assets from Allies, LLC were used in its formation. I have not received compensation for direct care work from 11/5/2025 to the present.

My prior roles include HCW, PSW, Case Manager, and Owner of Allies, LLC, each with a corresponding provider number issued by the applicable state entity. I have performed work only within the scope of those designated roles. My resume, attached for reference, reflects the approximate timeline. The provider numbers I have been able to identify under my legal name, Alandra Morin (unchanged since birth), are:

- Allies, LLC — 1186712 (eXPRS) | 102383 (SPD)
- PSW, Alandra Morin — 1064847 (eXPRS) | 784531 (SPD)

Going forward, I will be focused on the operation of Whole Life Approach, LLC.

For completeness of my disclosure file, I also own and operate a separate single-member LLC, Alandra, LLC (dba AlandraCreations). This entity is wholly independent of Whole Life Approach, LLC, with no shared ownership control, operational overlap, or financial entanglement between the two.

Please let me know if any additional documentation would be helpful to complete this update.

Sincerely,

Alandra Morin
